

Dear Friends

Apologies if you did not receive this Bulletin by post during 2007, as we mostly distributed them at shows. During this time we have been working with an important voluntary project, the outcome of which can benefit many members of the holistic community - see event on Sat 14th June 2008. We will update and expand this Bulletin for the MBS Festival to include contact details of those whose leaflets are distributed from our stand, so don't miss out - apply in good time - please go to our input portal www.PWEB.org.uk.

May 2008

PATHWAYS Information Service was founded in 1988. This Bulletin has alternate North & South or England editions timed to promote particular shows all over the UK, where we display and hand out leaflets. We look forward to meeting you soon at Mystic Arts, Mind Body Spirit, and the Kingston Green Fair. We have recently expanded into web and email, to support our ongoing mission of publishing information which enables individuals to find their own pathways to healing. Volunteering, training and partnership opportunities are available as we plan to expand and diversify our work. Please send text, sample leaflets and/or £10 subscriptions to our office at 12 Southcote Rd, London N19 5BJ or by email to: admin@pathwaysnetwork.co.uk (Mary 020-7607-7852).
