MAORI HEALERS

*Deep Tissue Bodywork &
Energy Balancing*

By the mid-eighteenth century a rich, complex Maori society had grown throughout the country of New Zealand, linked as one people with myths and legends telling tales of the arrival of their ancestors and the formation of Aotearoa - The Land of the Long White Cloud.

A group of Maori Healers has been rigorously trained since early childhood by the Elders of Maori tribe in Ancient Healing techniques. They have been sent out to share their wisdom and healing art with the world.

This is a once in a lifetime opportunity to re-align your body and soul to its natural balance and purpose. The Maori Healers' bodywork is deep and they work with you to clear out your old energies that no longer serve you. They are ready to help you to release and align your body so it can return to its natural state- joy, peace and grace.
